Regina, Nov. 28—The captured Montana murderer, George Godine, arrived here to-night in charge of the Northwest Mounted Police authorities from Edmonton. TORONTO NEWS.

Mrs. Hoplen Interviewed—The Abortion Case—Chairs Endowed.

Special to The Times.]

Toronto, Nov. 22—Mrs. Edward Hanlan was interviewed to-day on the rumor that the ex-champion oarsman intended to settle in Australia. She admitted he had written to express his willingness to do so; but denied that any arrangement had been made. There is little or no excitement here over Hanlan's defeat by Beach. The rising star of the new champion O'Connor is throwing his waning light into the shade.

The girl Charlton to-night made an *anti-mortem* statement to the authorities regarding the abortion performed on her. The authorities refuse to make the statement public.

Hon. Edward Blake and Hon. Wilfred Laurier have notified Secretary Wells of the acceptance of their invitations to be present at the Board of Trade banquet.

An agreement between the city of Toronto and the University regarding the lease of Queen's park was finally signed to-day. Two chairs have been endowed by the corporation at the expense of $3000 each.

Ottawa, Nov. 28—Part of the expenses incurred in suppressing the Indian uprising in the Northwest will be borne by the Dominion Government. An appropriation will be asked for at the next session of Parliament.

Montreal, Nov. 28—It is understood the province of Quebec is preparing to assert her right to additional territory, claiming that it is not the height of land which is her present northern boundary but that the waters of Hudson's Bay is her true boundary to the north.

Windsor, Nov. 28—There is great rejoicing in Windsor over the decision of the Canadian Pacific Railroad to build a road from London and property at the west end has taken a jump.

Chatham will submit a by-law to taxpayers on Thursday asking for bonds of $40,000 to the road.

Halifax, Nov. 28—C. R. Casey has resigned as Prohibition candidate for the Commons in Cumberland, and Capt. E.B. Eldeskin has been chosen in his stead.

CHINESE IMMIGRATION.

Large Increase in the Head Tax Last Month.

Special to The Times.]

Ottawa, Nov. 28—The Customs Department has received the immigration returns from British Columbia this morning. The tax collected from Chinese arriving at Victoria and Vancouver last month amounted to about thirty five thousand dollars, or nearly double what it was for the same month last year. It is said this is due to their being prohibited from arriving in the United States ports, and that many smuggle themselves across the border.

NEW WESTMINSTER.

Diphtheria—The Guilty Flee. Etc—Street Blockaded.

Special to The Times.]

New Westminster, Nov. 28—Another of Mr. White's children died of diphtheria at the Cleveland Hotel yesterday afternoon, and the third is at the point of death.

Columbia street is completely blockaded by the Caledonia Hotel and Gem Saloon buildings, which are being moved to a new resting place.

Since the commitment of the two Chinamen yesterday for having stolen goods in their possession, a large number of their countrymen stampeded out of town, evidently in dread of being overtaken by justice.

NANAIMO NOTES.

Terrible Affliction—Cedar District Coal Lands—Handsome Donation.

From the Free Press.]

A terrible affliction has overtaken the family of Mrs. George McGarrigle. Only a few days ago her husband Mr. George McGarrigle was suddenly stricken by the hand of death, and almost immediately followed the death of her son Charles, aged eleven years. On Monday death again visited the already stricken home, and took away the eldest son, William McGarrigle, a clever intelligent young man aged 18 years and 6 months.

We observe one or two San Francisco newspapers in referring to the fact of G. Hamilton Griffin having some time ago bonded Cedar District Coal Lands, attempt to depreciate the character of that property. According to the opinions of experts and practical men, Cedar District may be classed as a most valuable mineral estate, and the day is not far distant, we think, when extensive collieries will be in operation at more than one point in that direction.

The piles for new loading wharves of the Vancouver Coal Company are now driven nearly abreast of the Nicol Rock where blasting operations still continue. The completion of three wharves will materially increase the facilities for the rapid loading of all classes of vessels.

We are requested by Mr. A. E. Lindsay of Departure Bay to state that in the list of subscriptions to the Wellington Relief Fund he is credited with having collected $46.50. This amount was handed to him by Captain S. J. Rains, on behalf of himself, officers and crew of the steamship Southern California, as their subscription to the Wellington Relief Fund.

Mr. E. B. Paul, M. A., Principal of the Nanaimo high school, has received advices to the effect that the Governor-General of Canada has decided to donate a medal for competition among the scholars of the Nanaimo high school.

On Saturday at Thetis Island, Mr. Jas. Warnock, son of Mr. Martin Warnock, farmer, near Belfast, Ireland, was married to Helen, second daughter of Mr. Wm. H. Curran, of Thetis Island.

The steamship Westmouth, laden with tea and coffee from Java for San Francisco, arrived at Departure Bay yesterday for a supply of Wellington coal.

GENERAL NEWS.

The contract for the "dry work" of the Sault Ste Marie Canal having now been awarded, Messrs. Ryan & Haney will doubtless get to work at once on their $1,200,000 job, as the specifications call for immediate construction and progress during the winter, the whole to be completed in 1892. A force of 1000 men will eventually be employed on the work. The depth of the canal is to be 17 feet at low-water mark, fully two feet deeper than the American canal. The lock will also be seventy feet longer and five feet wider.

The body of an old man has been found standing erect up to the waist in water in one of the cattle guards of the Intercolonial not far from Rimouski, and with his skull smashed. The unfortunate man had no ticket or money, and was put off between stations by the train conductor, and that in endeavoring to reach a station he fell into the cattle guard and that he was killed by the next passing train while standing up in it.

The despatches about the Whitechapel murders in London, calling attention to the fact that a Malay cook on a steamer was suspected, has set detective circles in Austin, Texas, all agog. During the bloody butchery of women in that city three years ago there was a Malay cook at work in a cheap boarding house in the vicinity of which two of the bloodiest of all the terrible assassinations occurred. On Christmas Eve, 1885, two women were murdered and horribly cut and slashed. One was just two blocks from the boarding house where the Malay cooked. He was strongly suspected, and was shadowed by detectives for two or three days, when he suddenly disappeared and has not been seen or heard of since. Detectives here think it is possible he has drifted to Europe, and is the "Ripper."

Dr. Hostetter, the successful bitters man of Pittsburg, had made out a will bequeathing a million dollars to the town for a fine art gallery and mechanics' hall, but on the issuance of a writ of execution from a civic department for the collection of a bond for which he had been sued as bail he went and got his will torn it up, and refused to make another. He said he was able and willing to pay all his liabilities, but did not like to be treated in that cavalier fashion.

The Ganing's candy factory at St. Stephen, one of the largest in the Dominion, was burned last week, only part of the outer walls being left standing. The building and contents are valued at $56,000. Insurance $22,000.

It is reported that Jay Gould has bought the telegraph lines of the Atchison, Topeka & Santa Fe for $300,000.

AN EXPLANATION.

To the Editor of The Times:

Sir,—Many of my friends who hear my statement before the Assize Court have asked me to put myself in a true light regarding the report of it in the press, which incorrectly alleges that I cast an implication on Capt. John Irving, or Mr. Chas. Baxter. I therefore trouble you now to permit me to say.

That in my final consultation with my counsel, I instructed him, in presence of my wife, that I was prepared to accept anything to which Capt. Irving might testify as truth, and the expression of his knowledge and belief, as I was convinced that he was too honorable a man to stoop to any subterfuge.

After Mr. Baxter had stepped out of the witness stand, I thanked him from the dock, in presence of many people, some of them unknown to me, for the manly, straightforward way in which he had given his evidence.

In my statement I put forth merely my own position, the names of Capt. Irving and Mr. Baxter occurring in the following relations: I showed that on the evening of the 8th Nov., 1886, I left the C. P. N. office for the last time, and that about the 13th or 14th Mr. Baxter called on me, as Mr. Vincent's messenger, with the C. R. & N. Co.'s bills and Mr. Vincent's L. O. U.'s to me for $806, which I had left in my cash box and *that their production indicated to me that the C. P. N. Co. had cognizance of the contents of the cash box.* I pointed out that if I had been guilty of leaving my cash box empty, with the intention or as the outcome of fraud, which that moment I was aware that I had been discovered. That, subsequently, for reasons I gave, I could make no settlement equitable to the companies interested and to myself as their middleman, without the production of my advance fare reports, or their impression copy, which, on my part, I had made every effort to procure. I stated that when Capt. Irving wrote me on 6th December, I answered him, as I had answered his messengers, giving the fact of my not being able to procure from any source my advance fare reports, so as to enable me to check my accounts between the C. P. R., C. P. N. and O. R. & N., as my reason for delay of settlement, and closed my letter with a claim for one month's wages in lieu of notice, which I stated I should date (not from 4th November, the day on which I received my letter of dismissal) but from the date of my writing, 6th December, which indicated my belief that settlement was being delayed by the C. P. N. Co.'s failure to produce the reports I needed, which they could, but which I, as a discharged servant, could not get. I then stated that I knew Captain Irving to be a warm, faithful, generous friend, but implacable, unrelenting and pitiless to those with whom he was at variance; and asked the jury to consider, if, knowing that I was guilty of fraud, and that the company was cognizant of it, I would dare to write such a letter. These were all my references in my remarks to the jury, Capt. Irving and Mr. Baxter. Neither in them, or in my mind was there the slightest imputation on either of those gentlemen.

LABOUCHERE'S LETTER

A Couple of Royal Surgeons—Milan Short of Money—Tennyson's Health.

Leprosy Reported Among Our Indians—Mrs. Gen. Sherman Dead—The Sultan Objects.

Ottawa, Ont., Nov. 28—Word has been received that Chinese lepers in British Columbia have communicated a horrible malady to the Indians. Senator McInnes from British Columbia states that out of the total Indian population of the province, which he places at 40,000, he believes there will not be 5000 living in a quarter of a century as the result of leprosy.

London, Nov. 28—Bright has rallied from his illness and is somewhat better to-day.

LABOUCHERE'S LETTER.

New York, Nov. 28—Henry Labouchere's London cable to the *World* says: Prince Louis Ferdinand of Bavaria, who married the Infanta Paz, of Spain, is a very clever surgeon, and in one of the hospitals at Madrid, recently, operated on a woman suffering from cancer of the breast with complete success. His relative, Duke Charles Theodore of Bavaria, is an oculist and a surgeon, and very skilful, but his fondness for the knife is not appreciated at Vienna and Munich hospitals, for whenever he operates all regular arrangements are upset, and the whole staff is required to be in attendance on him. He must always be respectfully addressed as "Your Royal Highness," and strict etiquette observed, all of which is decidedly a nuisance when the Duke is at Vienna. He often passes his whole day at the general hospital.

King Milan, who is fearfully short of money, and whose credit is utterly exhausted, has been obliged by the Emperors of Russia and Austria to relinquish the plan he had formed for refilling his coffers by establishing public gaming tables at Belgrade, as the wealthy nobles of Hungary, Austria and Bassia, would inevitably have become the earliest victims of his Servian Majesty's roulette and rouge et noire tables. The two Emperors have peremptorily forbidden the enterprise.

Lord Tennyson, Poet Laureate, was removed on Wednesday from Aldworth to Farringford Place on the Isle of Wight, where it is probable that he will pass the winter, as he is not strong enough to undertake the journey to Riviera. He was conveyed all the way in an invalid's traveling carriage.

Pearl breeding is a new and highly profitable branch of farming in Australia and New Zealand. One firm has contracted to supply 14,000 ferrets per annum for three years to the government at $2 a head, the creatures being delivered when three months old. The stud of this particular farm consists of 200 ferrets and 30 rabbits, and the milk of three cows is required every day for their food.

ENABLED TO COMPLETE.

Ottawa, Nov. 28—The customs department has approved of the regulation enabling the Northern Pacific Railway to do business in Canada. THE SULTAN WILL NOT CONSENT.

London, Nov. 28—The first measure necessary to stop the slave trade is the blockade of the east African coast over which the Sultan of Zanzibar holds a suzerainty. Germany and England agreed to ask the Sultan to proclaim the blockade but he has postponed action on various pretenses and then took to his bed shamming illness. A despatch from Zanzibar states that he still refuses to give his consent to the measures.

Packed in cases in her hold will be 10,000 standards of Winchester and Remington repeating rifles. On the same vessel will be 750,000 cartridges, which with the aforesaid rifles it is expected to make things interesting for General Hypolite and his followers. General Legitimo, leader of the insurgents, will take charge of them on their arrival.

DYNAMITE CRUISER.

Philadelphia, Nov. 28—The new dynamite cruiser Vesuvius, built at Cramp's ship yards, has returned from her trial trip. The trial was in every way satisfactory to the builders who said the vessel behaved splendidly in heavy seas. She will be turned over to the government in two weeks.

AMERICANS NOT ELIGIBLE.

Paris, Nov. 28—General Clusert has been elected to the Chamber of Deputies from the department of war. A second ballot will be found necessary, as General Clusert, who is an American, was not eligible to sit in the chambers.

THE PROPOSED CABLE.

San Francisco, Nov. 28—W. C. Buchanan, a member of the New Zealand parliament, is in the city. He arrived on the Mariposa from Australia. In conversation he said: "Great Britain now has a steamer out with the regular marine survey corps taking soundings of the Pacific ocean bed to find out the facts requisite for laying a Pacific cable from Australia *via* Honolulu to Vancouver Island. The colonies have been urging the putting on of at least two such survey ships, but at present there is but one out. I don't know where it is, but it is working away somewhere out in the ocean, and will get through by and by. It is pushing on from Auckland toward Honolulu."

THE OATHS' BILL PASSED.

London, Nov. 28—Mr. Bradlaugh's radical oaths bill, practically abolishing the obligation of taking oaths of those who do not believe in them, passed the House of Lords last night and having already passed this will with royal assent become a law.

MRS. JAY GOULD BETTER.

New York, Nov. 28—Mrs. Jay Gould is somewhat better. The physicians hold out a faint hope of her recovery.

A YOUNG RASCAL.

San Francisco, Nov. 28—Ito Farrington, a 16 year old boy, emptied the contents of a double barrelled shot gun into Eaven M. McCloskey, a coal dealer, this morning, seriously though not fatally injuring him. Young Farrington with several other companions was creating a disturbance in front of McCloskey's yard, which the latter attempted to terminate when Farrington rushed in the house, obtained a gun and shot him.

SULLIVAN AND KILRAIN.

Baltimore, Nov. 27—It was rumored last night that articles for a meeting has been signed by representatives of Kilrain and Sullivan. The steamer Vancouver, due on Sunday with the Canadian mails from England has not yet arrived. The weather continues thick and a heavy sea is running outside the harbors. She alleges that Walpole met her in Bilagana, made her an offer of marriage and then betrayed her. Afterwards he disgraced her and now repudiates the paternity of her child.

BEER CAUSES TROUBLE.

Kroneck also told the Inspector that he had 120 sticks of dynamite hidden in his old house.

Medieval Barbarity.

Port Townsend, Nov. 26—A terrible tale comes to this city through the medium of a man named Price, who brought to the city poor house this morning an Indian woman terribly burned from her lower extremities to a portion of her person slightly below her neck. He claims to have found her on the beach near Fort Ludlow in an entirely nude condition; that she told him in broken Chinook that male and female members of her tribe had the evening before denuded her, tied her to a stake around which they piled brush-wood, set fire to the same and left her there to perish. By a frantic effort she managed to free herself and escape, but not before she had been burned as above stated. The cause ascribed for the barbarous treatment the woman was subjected to could not be positively ascertained, but the person who found her judged from what he could understand from the woman's random remarks, she being averse to answering queries in this regard, was the contraction by her of a loathsome disease. The woman is apparently about 19 years old. Whether or not this tale of medieval barbarity in such close proximity to enlightened communities, is true, cannot be ascertained to-night, but the informant told it with a manner of apparent truthfulness.

FRANK BARNARD, M. P.

Although the official announcement of the result of the election in Cariboo has not yet been received, there is little or no doubt that Mr. FRANK BARNARD, of this city, has received a majority of the votes cast, and will at the proper time be declared elected. The result will be a surprise to the local candidates and their friends, who were confident that whatever the issue might be as between themselves the fate of the gentleman from Victoria—certain defeat—was determined in advance. But had they reasoned the matter out, Messrs. McLEESE and ROGERS ought to have arrived at a very different conclusion, for their personal strength as "local" candidates must assuredly prove a weakness to both of them as against one so-called "outsider" who was backed by many of the leading politicians of the district. It is very probable that either Mr. ROGERS or McLEESE would have defeated Mr. BARNARD easily.

There have been few elections in this province where the press has evinced so little interest in a contest which it has had so little to say, as the one just fought in Cariboo. The Colonist, "organ" though it be, did not endorse the candidature of Mr. BARNARD, notwithstanding the fact that the latter had received "official recognition" at Ottawa and had been declared the "government candidate." The utter disregard shown by our contemporary for "party" interests may be an evidence of a newly awakened independence, or it may only be an indication of personal antipathy, which, under the circumstances, is as unaccountable as it is unfortunate.

However, the election of Mr. BARNARD, non-resident though he be, will not, we think, be a misfortune to the district. He is a young man of good parts, and possessing more than ordinary natural ability he is pretty certain to make his mark at Ottawa, if he is fortunate enough to retain his seat for a couple of sessions, or until he becomes accustomed to the routine of parliamentary life and the "stage fright" that generally afflicts young men has worn off. A good talker there is no obstacle to his becoming a close reasoner or even an eloquent debater. Mr. McLEESE or Mr. ROGERS, it will not be invidious to say, might have had the interests of the district more at heart, and having no personal ends to serve either of them would have devoted himself most assiduously to the duties of a representative. But Mr. BARNARD's residence in Victoria ought to be no bar to his usefulness as member for Cariboo, and we believe it will not be. While we would have been pleased had Mr. McLEESE been selected for the position of representative, feeling as we do that in view of his services in the local house and his long residence in the constituency, he was well entitled to the honor, we can at the same time congratulate the member elect, and hazard the prophecy that his services will on the whole prove acceptable to the people who have honored him with their confidence.

THE TRUSTEE ELECTION.

It is a satisfactory sign of the interest taken in school matters that the trustee election in Johnson street ward to-morrow will not go uncontested. The candidates nominated to-day for the vacancy on the board were Mr. ROBERT ERSKINE and Mr. JOHN JESSOP, and Mr. H. RUDGE, all of whom are well-known to the public and possess qualifications for the position. Mr. ERSKINE has the advantage of being a resident of the ward, and although late in the field will very probably be elected. He is a gentleman of agreeable manners, has a good education and business training and would unquestionably make a valuable member of the school board. As for Mr. JESSOP, while his personal character and qualifications are unquestioned, it may as well be stated plainly that we do not think government office holders should seek election to positions of this kind. At all events there is one on the board already and unless it is to become a kind of government auxiliary society the city had better elect men who are untrammelled by a dependence on either the Dominion or Provincial governments.

THE PRESIDENTIAL TERM.

An American contemporary, commenting on the current discussion of the proposed amendment to the constitution of the United States lengthening the presidential term and making the chief executive ineligible for re-election, recalls the fact that these same questions were very seriously discussed when the constitution was being framed. The original proposition was to make the President's term seven years, and to make the President ineligible to re-election. That appears to be what is coming now. The objections against the short term of four years include injuries to the business interests of the country that are becoming more serious each recurring campaign. They are estimated this year to have cost the country $500,000,000. The excitement of partisan feeling and sectional animosities are certainly unwholesome, and there is a general demoralizing effect upon the people. Another objection urged against the four years' term is that it does not afford a president time to become familiar with his duties and develop a policy before his time is up, and that this adds an inducement to re-elect. The "one term" proposition if carried into effect will carry with it important results. The Minneapolis Journal very truly says that the ever present temptation to the occupant of the Presidential chair to shape his policy and manipulate his appointments as to secure another lease of official life is too much for most men. It is very easy to understand that with this temptation removed and with only one term to serve every President would not only be wonderfully relieved from the pressure of party demands, but his personal interest would be transferred to the side of making the best record possible as an officer during the term he had to serve. Instead of making the civil service an engine for his own benefit, his greatest ambition would more naturally be to bring it up to the highest degree of efficiency while under his control, that the credit might redound to the honor of his administration.

EDITORIAL NOTES.

Mr. Geo. A. Drummond, of Montreal, has been called to the Senate in place of the late Hon. James Ferrier, and Mr. C. S. Rodier, of Montreal, will replace the late Senator Rolland.

The cure for smallpox is prevention. Vaccinate, and wherever a case appears, isolate it. The success that has attended this system in Portland shows how effective it may be. Smallpox should never be allowed to become epidemic. No disease is more easily controlled and suppressed.

It is asked whether Harrison or Cleveland has the larger popular vote. It cannot yet be told with certainty, but probably Cleveland has. In the Northern States Cleveland is beaten by half a million votes. The Republicans say that the majorities for him in South Carolina, Georgia, Florida, Alabama, Arkansas, Mississippi, Texas and Louisiana are fictitious; that is, are stuffed and counted majorities.

Lord Randolph Churchill is now talked of as a possible successor of Lord Sackville. Were it so his late speech at Paddington was a fair preparation. It was in every way conciliatory and expressed the sense of both nations. Lord Randolph has not been trained as a diplomat, and it may seem curious that one whose own career has been not a little erratic, should proceed to lecture the ex-minister to Washington for his "indiscretion." If he has not special training, however, he has an American wife whose personal popularity on both sides of the ocean would go far to keep out any short-comings of his own.

A case of pecular interest to Masons has been brought up at a meeting of the Grand Lodge of Scotland, in Edinburgh. The expulsion of one member and the censure of two others was the subject. Their offence consisted in admitting two ladies to a lodge meeting in May last where they saw and heard a considerable portion of the proceedings. It seems that on the occasion of the Funeral Lodge held in Freemasons' hall by Celtic, Edinburgh and Leith, No. 291, on May 8th last, in memory of the late Brother Alexander Hay, two females were admitted to the inner approach to the organ loft, where they saw and heard, through the partially opened glazed door, a considerable portion of the proceedings; the ladies being conducted while the lodge was tyled in the third degree. The ladies were so admitted by Brother William Edwards, acting past master of the lodge, who was called out of the hall at their request; and having previously possessed himself of the key of the door, he deliberately broke the tyling of the lodge, and placed the tyler inside along with the ladies, with instructions to attend to them. When the ceremony was nearly concluded he returned to the organ loft and had the ladies removed. The committee has recommended that Edwards be expelled from the order. Another incident may be quoted. During the latter part of the past century a young lady secreted herself in an old clock case in a Masonic lodge room in Cork. She saw and observed all the mysterious proceedings. Being discovered by her own father, who was a member of the lodge, the alternative was death or initiation. The latter was accepted and the charming young girl became a Free and Accepted Mason. Her portrait adorns the walls of the Cork Lodge to-day.

FAREWELL TO VANCOUVER ISLAND.

Farewell to Vancouver, its sons and its daughters,
Its mountains and moorland with beauties untold;
Its bright, beaming sunshine and cool, placid waters,
And valleys enchanting that fancies unfold.

How dear to all hearts, land of freedom and childhood,
Where hale and youth may exult side by side,
And chase the fleet deer through the lone, silent wildwood,
Midst forests majestic, unmatched in their pride.

And merry the echo from hearts growing lighter,
With the music of mirth in each green wood and glade;
Where the wild flowers bloom beneath skies growing brighter,
And their glories enchanting ne'er falter or fade.

Farewell, brightest gem of the isles of the ocean!
Rich and rare are the charms of thy beauties, I ween—
Long, long shall they stir the heart's warmest emotion,
Far away from Vancouver's fair valleys and green.

Farewell to the sunshine and sunbeams that quiver,
In gleams o'er the waters by forest and field;
And farewell to the music of mountain and river,
That Elens of pleasure and happiness yield.

No more on Pacific's famed waters so wide
Shall I plash in the sunshine or paddle the oar,
Or dream again sunny-day dreams by the tide,
That ripples in peace by the fairyland shore.

No more for me murmers the music of fountain,
In valleys where sunbeams perennial smile—
For far must I wander from moorland and mountain,
E Chomaines and Thetis and Kuper's fair isle.

Farewell, land of summer and sunshine and pleasures!
No more midst thy woodlands and wilds shall I roam—
For far o'er the wave wait the heart's cherished treasures,
That cluster around the loved altar of home.

Once more fare ye well, wildest beauties o'er flowing!
I turn me to haunts in the fair land of old,
To home and friends steadfast, true hearts with love glowing,
Still dearer than caskets of rubies or gold.

Yet shall I cherish each fond recollection,
Of friendship and song and fair fancy's ideal,
Dream o'er again with unfailing affection,
Till memory fades in the "Land o' the Leal."

VANCOUVER NEWS.

Wanted Her Dog—China Steamer—Black Bear, Etc.

From our own Correspondent.]

Vancouver, Nov. 27—The Moodyville sawmill, which had closed down for repairs last week, is again running with new vim.

A new school building in connection with the Episcopal Church is being erected, and the work is progressing favorably.

A scientific glove contest takes place in Hart's Opera House on Saturday evening next, between Clem Austin, champion light weight of British Columbia, and T. Bates, of California, for a purse of $250. It is not a slugging match, but for points.

The attention of passers-by was attracted yesterday by a very good specimen of a black bear, which lay before the store of Messrs. Wright, Williams & Co., Cordova street. Several dogs seemed to regard it as an intruder and set up a howling protest, while one big mastiff, thinking mischief was brewing, seized upon it as though he would bear it away, but was prevented. The animal was shot in the vicinity of the city cemetery by Henry Hide. This is the second one which he has secured near that spot.

Rev. Jos. Lee has purchased a lot in town, near False Creek, on which to erect an Episcopal Church and on December 19th the ladies of the Guild Association of St. James Church and the Mission at Yaletown propose holding a sale of work in the Wilson Hall for the benefit of the new Mission Church. Mr. H. V. Edmunds has generously donated two lots near the school at Mount Pleasant to the Episcopal congregation.

At the regular weekly meeting of the Vancouver Ministerial Association held on Sunday last, it was decided upon to make a pastoral tour of the city calling at all the houses ascertaining how many attend church and inducing as many as possible, who do not, to join the throng in future.

The fires in the new kiln of the Vancouver-San Juan Lime Company, Ld., was lighted yesterday with satisfactory results. It is said to be the largest kiln on the coast. Its daily capacity is 150 bbls.

A most exciting encounter took place on Carroll street this forenoon near the Burrard hotel. A laborer somewhat under the influence of the ardent was passing a Jew store with a spaniel pup in his arms, when the Jewess caught sight of him and grasping up a cudgel started in pursuit and with all the authority of an empress demanded the release of her dog. The man protested against her interference, whereupon she began to belabor him with the stick. He wisely strove to dodge her blows and shield himself with the pup, but she was too accomplished in the use of the baton; but he held fast to his prize. At length he says "Madam, are you sure this is your dog," at the same time he turned up the shaggy hair which overhung the collar, and to her utter consternation she saw her mistake, so with a volley of Billingsgate she wheeled amid the cheers of the crowd and beat a hasty retreat, leaving the stranger and the pup masters of the situation.

About 7 o'clock last evening the S.S. Albany arrived from the Orient, four days behind time, having encountered rough weather nearly all the way. The following is her passenger list:—Miss Corny, Master Corny, Halifax; H E Tomkins, London, Eng; D Trafry, Hongkong; W Marshall, P A Crosswaithe, E C Pearce, Liverpool; Miss V R Richards, St Louis; Miss R L Easterday, Sault Ste Marie; Lieut Jas Webber, R N, London, Eng. The cargo of the steamship Albany consists of tea and general merchandise, 1400 tons for overland and 800 tons for Pacific coast ports. Local consignments were: From Hongkong, Hip Tuck Lung, Wing Yuen, and consignment to order; five consignments of tea to order from Shanghai; from Kobe, 250 packages of oranges to J. J. Cowduroy, 16 cases of curios and two lots of curios to order; from Yokohama, one lot of tea to order, a lot of curios to Wah Chung, three lots consigned to order. In addition to saloon passengers, there were 28 Chinese on board, steerage, and five Japanese for Seattle. The Albany is expected to sail on the return voyage December 4th.

At the City Council meeting last evening it was moved by Ald. Caldwell and seconded by Ald. Oppenheimer that $50 be placed at the credit of the Mayor to defray the preliminary expenses for the formation of a fruit growers' association to be organized with headquarters at Vancouver. The resolution was carried unanimously.

TELEGRAPHIC NEWS.

Cable and American Dispatches—Interesting Items.

London, Nov. 27—The *Telegraph* says Assistant Commissioner Munro will succeed Sir Charles Warren as chief commissioner of the metropolitan police.

THE PAPAL RESCRIPT TO THE IRISH BISHOPS.

Dublin, Nov. 28—The report that the new papal rescript had been issued to the Irish Bishops condemning boycotting and like practices in Ireland, is confirmed. The rescript was sent to the Irish Bishops a fortnight ago. It was, however, the intention to receive the rescript privately, but to act upon it publicly. This plan was frustrated by the indiscretion of a servant of the Bishop of Limerick, who partly divulged the secrets. The fact of the receipt of the rescript being known will probably force the Pope to publicly reaffirm his wishes.

THE SHEEHY AFFAIR IN THE COMMONS.

London, Nov. 27—The attempt of the Irish constable, Jeremiah Sullivan, to serve a summons upon David Sheehy in the lobby of the House of Commons last evening, has caused a more profound sensation than was at first believed, though the indignation aroused in the House was outspoken and general. The brief proceedings of the committee of inquiry appointed to investigate the circumstances, elicited the fact that Inspectors Lourdes and Jennings had instructed Constable Sullivan that the service of the summons upon Mr. Sheehy was a matter of extreme urgency, and Sullivan's further testimony disclosed the fact that he had received £10 from the Inspector to defray his expenses in proceeding immediately to London and serving the writ in whatever place he might find Sheehy. It is certain that Inspectors Lourdes and Jennings will be summoned before the commission at its meeting on Thursday, and possibly Mr. Balfour himself will be required to give testimony.

INSPECTOR BONFIELD.

Chicago, Nov. 27—In the trial of Pronek and other alleged anarchists for conspiracy to murder Police Inspector Bonfield, ex-State Attorney Judge Grinnell, and Judge Gary, the first witness called was Frank Culebourn, one of the men arrested with Pronek, but who has turned states evidence. His testimony produced a great sensation. It was to the effect that he, with Pronek, soon after the Haymarket riot, when the latter told witness he had a scheme to burn up the lumber yards, and that he had also missed a chance to kill Inspector Bonfield. Pronek showed him several bombs which were experimented with on the prairie some days later. On several occasions Pronek told witness that they must have revenge for the death of Parsons, Spies and Engel, and showed him photographs of Judges Gary and Grinnell and Inspector Bonfield. Witness and Pronek went together to find Judge Grinnell's house, so that they could locate it easily at another time. This was done a few days after President Cleveland's visit to this city, and Pronek told witness on the way back from Judge Grinnell's neighborhood that the President had had a very narrow escape from death while here, as he (Pronek) was about to throw a dynamite bomb into the presidential carriage during the procession, but was dissuaded from doing so by his companions. Pronek's plans were to kill Inspector Bonfield first, but he afterwards decided to make Judge Grinnell the first victim. He said that if no better opportunity offered he would go into the court room and throw a bomb at the judge, and then if the police tried to capture him he would use bombs on them, and if this failed he would shoot the officers and then himself; but if he got a chance at Grinnell or Gary on the street he would use a knife. Witness said Pronek's wife did not have enough to eat and wanted her husband to abandon his murderous plans and go to work, but Pronek said he had a mission to perform and would perform it if she starved and he was hung.

In Love With His Wife.

"What can I do to regain my husband's love?" writes Mrs. Carrie R, of Toronto. She adds that seven years ago she was married under the most happy auspices, and, until six months since, happiness crowned her domestic life; then her husband became distant in his manner toward her, until now he is positively cold. Mrs. R gives no details, but if she is afflicted with diseases peculiar to women, if her cheeks have lost their bloom, and her eyes their sparkle, it may explain the cause of her complaint. In this event Dr. Pierce's Favorite Prescription will effect a magical change and restore her to health. As a powerful, invigorating tonic, Dr. Pierce's Favorite Prescription imparts strength to the whole system. For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally, "Favorite Prescription" is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic. wed sat

A Warning.

The modes of death's approach are various, and statistics show conclusively that more persons die from diseases of the throat and lungs than any other. It is probable that everyone, without exception, receives vast numbers of tubercle germs into the system and when these germs fall upon suitable soil they start into life and develop, at first slowly and is shown by a slight tickling sensation in the throat and if allowed to continue their ravages they extend to the head, causing catarrh. Now all this is dangerous and if allowed to proceed will in time cause death. At the onset you must act with promptness; allowing a cold to go without attention is dangerous and may lose you your life. As soon as you feel that something is wrong with your throat, lungs or nostrils, obtain a bottle of Boschee's German Syrup. It will give you immediate relief.

CITY AND PROVINCE.

—Corns cause intolerable pain. Holloway's corn cure removes the trouble. Try it and see what an amount of pain is saved.

—A party of surveyors are at work west of Westminster city limits laying out a block of 100 acres into town lots.

—The superiority of Mother Graves' Worm Exterminator is shown by its good effects on the children. Purchase a bottle and give it a trial.

—The Toronto *Empire* has sent another commissioner westward to write up the Northwest Territories and British Columbia.

—Vitality and color are restored to weak and gray hair, by the use of Ayer's Hair Vigor. Through its cleansing and healing qualities, it prevents the accumulation of dandruff and cures all scalp diseases.

—A company has been formed at Vancouver that will engage in deep sea fishing for cod and halibut off the coast of Queen Charlotte Islands.

—No woman can be contented and happy if her skin is covered with pimples and blotches. These disfiguring eruptions are easily removed by the use of Ayer's Sarsaparilla. This medicine is perfectly safe to take, and is a thoroughly reliable blood purifier.

—P. M. Markell, West Jeddbro, N. S., writes:—"I wish to inform you of the wonderful qualities of Dr. Thomas' Eclectric Oil. I had a horse so lame that he could scarcely walk; the trouble was in the knee; and two or three applications completely cured him."

—Mr. Van Horne's statement as to the *status* of the Canadian Pacific Railway has overcome the ignorant prejudices of the London money market, and the company's shares are regaining their normal price.

—A Successful Combination—The successful combination of the six oils composing Dr. Thomas' Eclectric Oil is a genuine triumph of chemistry. Whether applied externally for the relief of pain or to allay inflammation, or taken internally to remedy a cough, it is speedily and entirely effective.

—As Age Creeps on Apace, the various functions of the body grow weaker in their performance. Old people who suffer from increasing indigestion, torpidity of the liver, and constipation, should give renewed impetus to the action of the stomach, bile-secreting organ and bowels, with Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, from which aid is never sought in vain. It works wonders as a blood purifier.

—H. A. McLaughlin, Norland, writes: "I am sold out of Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure. It sells well, and I find in every instance it has proven satisfactory. I have reason to believe it the best preparation of the kind in the market." It cures Dyspepsia, Biliousness and Torpidity of the Liver, Constipation, and all disease arising from Impure Blood, Female Complaints, etc.

—An Ottawa dispatch says: There is nothing new in the negotiations for a settlement of the boundary line between British Columbia and Alaska. A prominent official says that no great necessity for bringing the matter to a speedy conclusion exists as the disputed territory is not occupied. Hence no trouble regarding the administration of justice can arise just now. The Government estimates the cost of delimitating the boundary will be $2,000,000.

THE LATEST SENSATION.

Otis Bates Claims His Share of His Father's Estate.

A dispatch was received in this city last night which states that Otis Bates, son of the late Captain A. C. Bates, arrived in San Francisco a few days ago and demanded his share of the estate of the deceased captain. The trouble originated in Soda Creek where it is stated young Bates was born. His mother was an Indian woman and when the deceased captain secured a fortune he left this country for California. In San Francisco he married a white woman. Bates died and the widow married Commodore C. H. Harrison, a gentleman who had arrived from England and who is at present captain of the San Francisco Yacht Club. The estate owned by Capt. Bates realized $90,000. The son by a former wife was brought to California by the deceased and they lived together for several years in Oakland. Otis sailed away on a ship several years ago and was thought to be dead. He will bring suit for a division of the property. Capt. Bates was well known in this province. He owned several steamboats which plied on the Fraser river.

"Jack the Ripper."

A Montreal dispatch says: When the wife of Joseph Cloran, a baker of McCord street, awoke yesterday morning at 5:30, she found a man lying on the sofa in the sitting room: She hastened to telephone for the police, and then demanded the man's business. He suddenly jumped up and drawing a knife from his hip pocket, he remarked: "I am Jack the Ripper, and if you don't keep quiet I'll silence you." Hearing a noise on the front stairs, the individual rushed through the rear door and escaped, just as four policemen entered the house. A search was instituted in the yard by the officers but no "Ripper" could be found.

Another Sad Affliction.

Mr. and Mrs J. J. Austin have been called upon to mourn over another of their children. The little sufferer, aged 15 months, passed away last night at the parents residence. The death of another child is momentarily expected.

Reported Sale.

It is rumored that Mayor Stewart of Ottawa, who represents the Canadian interest in the coal mines at Anthracite, Alberta, has sold the mines to an English syndicate for $5,000,000. Donald *Truth* thinks this is too good news to be true.

New Bank.

One of the new stores in Pemberton's new block, corner Fort and Broad street, has been handsomely fitted for a bank where it is understood Mr. J. D. Pemberton intends carrying on a money loaning and general banking business.

Mr. Moody at Tacoma.

Mr. Moody is meeting with great success at Tacoma where he commenced his mission on Sunday last. The crowd was so great on Monday that it was found necessary to hold two meetings, at night, one being held at the Presbyterian church and the other at the opera house. The crowds gathered at the doors of both places long before they were opened.

Better Than Gold.

A number of young lady and gentlemen amateurs will give an entertainment in the Victoria Theatre on December 5th. The drama will be put on the stage to assist the Orphans' Home and will be more attractive than performances given by traveling troups on account of the worthy object and the fact that only local talent will take part. Seats may be secured at M. W. Waitt & Co.'s stationery store.

Running Away from Home.

Two little Seattle boys prepared themselves for an adventure on Monday by running away from home and coming to Victoria. One of the boys stole a box of jewelry from his mother with which he raised the means of purchasing the tickets. The tickets were obtained but before passage could be taken the little scapegraces were gathered in by the police.

Annexation Straight.

President-elect Harrison is in favor of paying Great Britain a good round sum for her interest in Canada. *Truth* predicts that the quit-claim deed will be signed, sealed and delivered within the next four years. British Columbia, including Alaska, would enter the Union as a state, and be entitled to two senators and one representative. Kootenay district will furnish one of the senators.—*Donald Truth.*

The Eclipse.

The first eclipse for the year 1889 will happen on the first day of the new year, January 1st. This will be an almost total eclipse of the sun to residents of Victoria. It will be seen all over the Pacific Coast, the line of totality being a path running just north of San Francisco and extending northeasterly through Nevada, Idaho, Montana, and on through Canada. This eclipse will be one of the finest and most awe inspiring of any ever seen by this generation.

Mountain Snow Sheds.

D. B. Campbell & Co., the contractors allotted the snowshed work west of the Summit, have completed their contract and paid off their men. They paid about $50,000, employed 150 men, and used 1,500,000 feet of timber and lumber. Mr. Campbell expects to close up the business the coming week, when he will go to Ontario and take a contract on the road now being graded by the C. P. R. between London and Windsor.

Young Men's Christian Association.

One of the aims of this association is to get before the young men of the city information that shall be of value to them in their daily life, and to this end a series of practical talks are being arranged for the winter months. The first one of these will be given in the association hall to-night at 8 o'clock, by Mr. A. C. Flummerfelt; subject, "Success in Business, How Achieved." A free ticket may be procured by any young man upon application at the rooms in Broad street.

Earl of Listowell.

The Earl of Listowell has arrived at Montreal on his way to the bedside of his son and heir, Lord Eunismore, who is dangerously ill of typhoid fever in this city. The Earl and Mr. T. R. Smith, manager of the H. B. Co., the former being in the Montreal office and the latter in the Victoria office, held a conversation over the wires in respect to the condition of Lord Eunismore. The Earl leaves Montreal to-day and will arrive in this city on Tuesday next. His son is slowly improving.

Lange & Co.'s Guessing Match.

Four valuable prizes, consisting of two Gold Watches, one Tea Set and one Diamond Ring will be given away. For every $5 in cash invested in a purchase in our store from this date to the 1st January, 1889, the purchaser will be entitled to one chance in the above guessing match. We have made the mistake in overstocking ourselves this season in every branch in the jewelry line, fine goods particularly, and have chosen this method to turn them into cash regardless of profits, giving our customers the above advantage in return. Notice of the distribution of the above prizes will be given. *

Beats Battery Strong Man.

Another modern Samson has appeared in New York. His name is Charles H. Sampson, 30 years old, medium build and height. He broke 125 thicknesses of steel wire cable, or in all 1,000 strands, by the expansion of his chest. He also broke a steel trace chain fastening it around his chest and bursting the links like so much glass. Gas pipes an inch in diameter he bends into elbows by striking them across his left arm. He has successfully pulled in a tug of war twelve strong men. He can slay a steer with a blow of his fist; and has medals to show that he accomplished this feat in the presence of Emperors William and Francis Joseph.

SUPREME COURT.

(Before Mr. Justice Crease.)

Joe Connell *alias* Kanaka Joe was charged with the murder of Lucy, an Indian woman, on the Esquimalt reserve.

Deputy Attorney-General Irving prosecuted and Mr. F. G. Walker appeared for the defense.

The following jury were empanelled: Alex. Donaldson, foreman; Phil. Smith, S. Wilson, Squire Hilton, J. R. Collister, Patrick Dempster, S. McCully Smith, S. L. Irving, R. Beauchamp, Edmund J. Wall, F. S. Amber, Alex. McGregor.

Evidence for the prosecution in this case was similar to that taken at the investigation in the Provincial Court a few weeks ago.

Mr. Walker called Dr. Harrington for the defense. He gave as his opinion that it would be impossible for a medical man to ascertain the extent of injury to the brain from a blow, if only an external examination of the skull was made; he would not undertake to swear that death was caused by concussion of the brain without examining the brain; could not swear to death being caused by concussion of the brain, even if he did examine the brain. It generally took from nine to twenty-four hours for a body to become cold, seldom less than nine hours; alcoholic poisoning would cause congestion of the stomach. I should consider it necessary to examine every organ of the body in making a *post mortem* examination.

Mr. Walker addressed the jury at 9 o'clock last night and pointed out that the woman came to her death through over-indulgence in intoxicating liquor. He made a grand effort in favor of the prisoner and pointed out the discrepencies in the evidence for the prosecution.

The jury retired at 9:46 p. m. and returned at 10 p. m. with a verdict of "guilty of manslaughter." Sentence was deferred.

(Before His Lordship Sir M. B. Begbie, C. J.)

WEDNESDAY, Nov. 28.

At 10:30 o'clock this morning Dr. G. H. Griffin's case was called in the Supreme Court.

The Registrar read the charge and asked the prisoner to plead.

Mr. Walker said he appeared for the defense and entered a demur on the grounds that the indictment did not state the exact words of the charge against the prisoner. The learned counsel quoted from Regina *versus* Hunter to show the letters must be set out to show that threats were made.

His Lordship overruled the objection raised by Mr. Walker.

Mr. Walker asked His Lordship to take a note of the objection. The learned counsel said, "Subject to that demurrer we plead not guilty."

The following jurymen were sworn: A. Donaldson, foreman; T. McGregor, Alex. Thomas, W. J. Tippens, P. Dempster, R. K. McLaughlin, Sydney Wilson, Martin Willis, H. J. Pridham, W. L. Burgess, A. McKeown, W. A. Beckwith.

The prosecution objected to W. Ingram, W. H. Spofford, A. McLaren, E. J. Wall, C Webb, David Gibbs and A. McDonald.

The defense did not object to any of the jurors called.

His Lordship—Are there any more cases to come before the court?

Mr. Irving—No, sir; I have been so much occupied that I do not know about the calendar. The libel case will be tried before a special jury. I understand that in the case of Campbell and Kennedy the plaintiffs must pay the witnesses for the defense and the defendants allowed out on their own recognizance.

Mr. W. J. Taylor opened the case for the prosecution and said the jury must put away from their minds any idea that the prisoner did not write the letters because he did not have any ulterior reason for threatening the life of Mr. Dunsmuir. The prosecution will show that the prisoner after sending two letters was watched. A man was stationed outside the postoffice and one of the clerks on the inside was posted to take out the letters as soon as they were dropped into the box by the prisoner. Another letter was posted by Atherton addressed to the detective, threatening to kill Mr. Howard. The counsel went into the case very thoroughly and read from copies of the letters.

Mr. Walker said the counsel read a portion of one letter and left out the balance.

Mr. Taylor said it was unnecessary to prove whether the language used was good Greek or good Spanish.

Henry Heywood was called.

Mr. Walker asked that all other witnesses be ordered out of court.

Deputy Attorney-General—Must Mr. Dunsmuir go out of court?

Henry Heywood gave similar evidence to that taken in the police court.

R. Dunsmuir said, in addition to the evidence already published, he read in the papers that Dr. Griffin bonded some coal lands; a person came to witness offering to sell some coal land; witness refused to have anything to do with him and said he had plenty of coal lands.

Mr. Lopatecki was called at the conclusion of Mr. Dunsmuir's evidence and swore to the translation of the letters. His Lordship, who is also a Greek scholar, questioned the witness regarding the wording of the letters. In addition to the evidence adduced at the investigation witness said he had a conversation with Dr. Griffin in the Windsor Hotel regarding coal lands. Prisoner said he lived for six years in Athens and Constantinople. He produced a volume of the *Social World* and witness thought he saw a letter similar to black hand letters; mentioned the circumstance to the detective; received a letter shortly after addressed to M. Lopatecki; found the letter in the postoffice box; met Dr. Griffin three or four times after receiving the letter. He was asked to write something for the *Standard*.

His Lordship—I thought he said THE TIMES.

Deputy Attorney-General — No Your Lordship.

His Lordship—Oh! I suppose THE TIMES is running in my head.

Mr. P. Dempter became suddenly ill in the jury box and the court adjourned for one hour at 1 o'clock.

Victoria Choral Society.

The above society will meet for rehearsal this evening at 8 o'clock sharp in Messrs. Goodwin & Jordan's rooms. Members are requested to be punctual. To-night is the last opportunity offered to those desirous of becoming members without paying the entrance fee of $250. There is already a membership of about sixty, but the committee of management would like to see it increased to one hundred. There is no better way of educating the public taste for that kind of music than by giving public concerts, and the Choral Society has already created considerable enthusiasm amongst its members by the coming concert, to be given on the 12th of December. There will yet be four rehearsals, including to-night, so that no one need stay away on account of want of rehearsal. A splendid programme has been prepared of both sacred and secular music. Amongst the members are some of our best vocalists and it well sustained there can be no doubt of the success of the concert. A cordial invitation is extended to musical people in Victoria to become members and keep on the good work.

Children Cry for Pitcher's Castoria.

THE ORIENTAL.

A Veritable Palace Hotel—Rich and Expensive Furnishings.

The new addition to the Oriental Hotel, McKeon & Son, proprietors, has been completed and furnished. A TIMES reporter visited the establishment to-day and was conducted over its suits and labrynths by Mr. W. McKeon, jun.

Entering the portals of this celebrated hostirey, on the corner of Yates street and Oriental alley, was through plate glass doors, the reporter confronted by a display of the decorative arts in all their phases. The office desk of walnut and Hungarian ash, with its pannels in bas relief of fish and game, and the name of the proprietor on the base of the pillasters are indeed things of beauty. The wainscotting of black walnut and birch in the large hall, and birds-eye maple and oak in the office vie with each other in design and contrast.

A large vault for the deposit of the archives and valuables was also noted. The adjoining billiard hall, done in cherry and mahogany, its ceiling stuccoed with all the beauties of the art, is much to be admired, while the conveniences of the lavatory cannot be overlooked. The barroom comes next; with its artistic ceiling, mirrors and bar of oak and bird's eye maple it can not be surpassed. In the billiard room and bar are some paintings and works of art which add beauty and refinement to the apartments. An old oil painting on copper is a gem and the copy in wool work of Landseer's "Dignity and Impuence" vies with the original in realistic effect, true to life. At the end of the bar room is a "snuggery" which is one in reality. The place has all the modern improvements, and every care has been taken to make the sanitary and drainage arrangements perfect.

We ascend the fine stair case with its hand rail and newel exceeding in beauty and workmanship anything of the kind on the coast. On the first landing a bronze statute of a water nymph, holding a lamp, occupies a niche. The landing is also lighted by a window of stained glass containing 60 lights of varied hues. The ladies drawing room, 31x35, occupies the front facing on Yates street. A mantle of beautiful design with tiles depicting the various temperaments of human life are a study. The ceiling is decorated with a beautiful centerpiece, while the bay windows add much to the beauty of the room. Carpeted with the best Brussels pile and furnished with all the requirements in black walnut upholstered in German leather it is comfort and elegance combined. Ascending the tower, 120 feet from the ground, the lover of the picturesque can have a bird's eye view of the city and its surrounding beauties brought beneath the gaze. The roofs of the main buildings, floored over and laid off with seats, flowers and shrubs, call to mind the hanging gardens of Babylon. The lantern, at night with its varied colored windows of stained glass illuminated by electricity, becomes a beacon to the weary traveller entering the port, showing where comfort and good cheer, and every convenience may be had at reasonable rates.

There are 125 bed rooms, each having a clothes closet and well lighted and ventilated. Parlors and toilets are on each floor, stairways at front, back and center, patent fire escapes and elevator, and all the modern conveniences and requirements to meet the wants of the guests. As to the attraction of the *cuisine* department, the courtsy and attention of the proprietors, to the wants of their guests, nothing may be said, being well known and of wide reputation.

The furnishing, cabinet work, etc. was turned out by the best style by the well known firms of J. Wejler and Jacob Sebl of this city. The artistic graining and painting by R. Lettice, Carpenter and joiner work by Mr. Dan McPhee. Plastering and stucco work by Pitterick; galvanized iron work by Stevens & Cooley, and all under the direction of Mr. Teague, architect. All appear to have endeavored to excel in their various departments. The Oriental Hotel is a credit to the city of Victoria.

CANNERS IN CONVENTION.

A Meeting Yesterday and Banquet Last Evening.

A meeting between the canners of the province and agents took place yesterday at which the new regulations and restrictions proposed by the Dominion Government were considered. The principal of these was a clause in relation to the hours during which boats should be hauled off. The Government proposed that the closing time should extend from 6 a. m. Saturday to 6 a. m. Monday instead of from midnight Saturday till midnight Sunday. This was objected to.

Last evening the agents tendered a dinner to the canners at the Poodle Dog Restaurant, on which convivial occasion everyone heartily enjoyed himself. The banquet spread by mine host Marbeuf is claimed to have been equal to anything of the kind attempted in the city. Those present were Messrs. R. P. Rithet, Robert Ward, John Irving, Hon. J. H. Turner, M. T. Johnson, A. Ewen, Inspector Mowat, R. Draney, R. R. Byrn, D. J. Munn, J. A. Laidlaw, Thos. E. Ladner, W. A. Wadhams, Thos. Shotbolt, W. Harlow, R. Cunningham.

Another general meeting of the cannery men took place to-day which organized under the name of the B. C. Fishing Association.

Rotary Snow Plough.

Rotary snow plough No. 101, recently arrived at Donald from the Montreal shops, was given a trial on Friday last. There was enough snow on the summit track at the Summit to give it a practical test. The snow was quite soft, and the plow did not work quite as satisfactorily as if the snow had been dry. It was run as far west as Sicamous, and is now at Revelstoke.
